

# Folding Machine Upgrade Checklist

Use this checklist as a guide to determine if you are ready for a folding machine retrofit upgrade. If you've answered **YES** to any of the questions below, your operations can be improved by upgrading your folding machine.

---

Does the thought of your go-to operator going on vacation give you anxiety?

Do you have trouble hiring quality folding machine operators with proven competence?

Do your operators spend too much time trying to figure out how to bend a custom part?

Are there a lot of angles bent in the wrong direction made in production?

Do you have old numeric controls on your folding machine?

Have you made parts with paint on the wrong side?

Have you delivered profiles that did not meet the customer expectation?
